

WHAT MY CARD READING SESSION LOOKS LIKE AND YOUR PHOTO

I do not conduct sessions in which I meet the person interested. Firstly, the thoughts, hopes or desires of the person asking the question to distort the actual reading of the information. I need to enter a different state of consciousness, thanks to which I can clearly see the entire perspective of the matter about which the question is being asked. I read from photos, cards and space (the information downloaded takes various forms), and there are also messages from beings close to a given person. I do not specify the time I allocate for such a session. It takes as long as it needs to. Of course, if someone has one question, it is much shorter than for the entire specific topic.

I write down the entire reading in PDF format and send it to the interested person.

The price varies depending on whether it is one question or an entire topic. When discussing a specific topic, the price includes a consultation before and after my session: first, you must contact me in writing, and provide sample dates and times possible for our first consultation, which should take about 20 - max 40 minutes. Discussing the message should take about an hour.

During the consultation, we discuss your life situation, problem, life sphere, whatever you come with, and determine the questions.

When we set a specific date, I send a link to pay for the entire fee (consultation, my session, discussion after the session). The fee must be paid before the consultation. In total it is about a minimum of 2 and a maximum of 3.2 hours.

Each service of this type, paid for through a link from my platform, is recorded and settled at the end of the tax year in England. From each payment, I additionally pay a percentage of the amount for the transaction service via the platform. I do not issue invoices; payment is confirmed by the application.

The cost is £150 for the whole thing.

The consultation and subsequent discussion take place in the form of a video chat. If the message and its discussion raise further questions, this will be an additional cost, but a minimal one, which we will determine together.

The cost per question is £10, and this option does not require any before or after consultation. The answer is in pdf format. In the case of this option, you must

register by e-mail, write a question or questions, attach your photo along with the date and place of birth. I am sending you a payment link.
